Examiner acknowledges applicant's amendments to the claims, drawings and invention title. Applicant has canceled claims 2 and 14. The remaining claims are now in condition for allowance

Allowable Subject Matter

Claims 1, 3-13 and 15 - 26 are allowable.

The following is a statement of reasons for the indication of allowable subject matter:

Claim 1 is allowable because the prior art of record, taken alone or in combination, fails to disclose or render obvious a second control circuit with a second controller for controlling the amplifiers based on preset variables in combination with the rest of the limitations of claim.

Claims 3-13 are allowable because they depend directly or indirectly from an allowable independent claim (1), which contains the allowable subject matter stated above.

Claim 15 is allowed because the prior art of record, taken alone or in combination, fails to disclose or render obvious a control circuit for regulating the amplifiers in combination with the rest of the limitations of claim.

Claims 16-26 are allowable because they depend on an allowed independent claim (15).
